of the Elderly

Homecare Malvern

Keeping you safe and happy at home

At Homecare Malvern our professional and caring team can provide a range of services from help with the housework to support with personal care.

Our service is part of range of local care services Friends of the Elderly provides. We offer care and support at our day care service, as well as respite and residential care services in our Malvern care homes. All of these services are located at our Graham Road site provided by highly trained care teams you can trust.

We are committed to making your life easier however we can, you can choose a range of support from a few hours a week to visits every day if needed.

Housekeeping

We can help you to keep your home how you like it. Our staff can support you with a full range of housekeeping including taking out bins, changing beds, dusting, hoovering and more.

Companionship

At Friends of the Elderly we are dedicated to supporting older people to live fulfilled lives and we know how important companionship is.

Whether our carer is supporting you at home or you are popping out together, it is so important that you can have a chat and get to know each other well. This is why we work hard to match you with a carer who shares your interests using our personal profile matching system.

We can accompany you on medical visits, trips to the shops or support you to attend local events and activities.

Personal Care

We know that sometimes a little extra help is all that you need to feel happy and confident at home. This is why our sensitive and discrete care teams can support you with personal care.

From help with dressing to assisting with meals and taking your medication, you can feel reassured that our care teams will support you in the way you want.

We can also help you to regain your health following an illness or injury, by providing additional support and helping you to build your confidence until you feel fully recovered.

Dementia care

If you are living with dementia our specialist care teams can provide you with a high level of personalised support. We will build care and support into your daily routine to make sure you are safe and happy at home.

*“...Mum and dad have dementia... The care shown to all of us has been amazing.” **

Melissa,
Service User Family Member,
